

What is Hospice Care?

Hospice care is a special kind of care that focuses on the quality of life for those experiencing an advanced life limiting illness. Hospice provides compassionate care for people in the last phases of an incurable disease so that they may live as fully and comfortably as possible, typically in the comfort of their own home.

Axiom Cares Hospice Benefits Include

- Comforting care provided by an interdisciplinary team
- Pain and symptom management
- Psychosocial and spiritual care
- Medication
- Equipment and supplies
- Patient and family education
- Comforting treatments
- Therapies
- Bereavement services

When to Consider Hospice Care

If you are experiencing:

- Frequent hospital/ER visits
- Increase weakness and falls
- Needing more help with activities of daily living
- Dependent on oxygen or having shortness of breath
- Decrease in appetite and weight loss
- Frequent medication changes
- Uncontrolled pain
- Wounds that are not healing
- Irregular sleep patterns
